

Sangshad TV class routine
SSC Vocational & Diploma Engineering
8-10 September 2020

Handwritten signature and date: 9/9/2020

Broadcast Date	Day	Technology	Subject	Chapter/Topic
8 September 2020	Tuesday	Civil	Civil Engineering Materials	Chapter-1: Various aspect of civil engineering materials
		Computer	Database Application	Design Database Table
		Electrical	Electrical Circuits-1	Circuit parameters
		Electronics	Electronics Devices & Circuits	Transistor characteristics (1/2)
		Mechanical	Machine shop practice	Understand the concept of safely practice of machine shop. (1/2)
		SSC Vocational	Welding & Fabrication	Hand Tools
		SSC Vocational	Fish Culture & Breeding	Manufacture of fishing equipment & preservation
9 September 2020	Wednesday	Civil	Estimating and Costing-1	Chapter-1: Understand the basic concept of estimating-C1
		Computer		Overview of C# programming and the .net framework
		Electrical	Electrical Installation Planning and Estimating	Understand the concept of electrical installation
		Electronics	Industrial Electronics	Understand the concept of power electronics and power diode (1/2)
		Mechanical	Metallurgy	Understand the concept and scope of metallurgy
		SSC Vocational	Dress Making	Button Hole Machine
10 September 2020	Thursday	Civil	Design of Structure-1	Chapter-1: Understand the different type of cement concrete and structural safety-C1
		Computer	Microprocessor & Interfacing	Understand the concept of microprocessor and microcomputer
		Electrical	Alternating Current Machines-1	Understand working principle and construction of transformer. (1/2)
		Electronics	Electronic Measurement	Understand the basic concepts of measurements. (1/2)
		Mechanical	Thermodynamics and Heat Engine	Understand the scope and basic concept of thermodynamics. (1/2)
		SSC Vocational	Building Maintenance	লোহা সম্পর্কে ধারণা
		SSC Vocational	Automotive	Steering Geometry
